

WASHINGTON STATE CHAPTER OF  
**ASID**  
SPONSORSHIP PACKAGE  
2018

# WHAT IS THE WASHINGTON STATE CHAPTER OF ASID?

The Washington State Chapter of the American Society of Interior Designers (ASID) is a community of people — designers, industry representatives, educators and students — committed to interior design.

We lead interior designers in shared conversations around topics that matter: from evidence-based and human-centric design to social responsibility, well-being, and sustainability. We showcase the impact of design on the human experience and the value interior designers provide.

Through education, knowledge sharing, advocacy, community building and outreach, we strive to advance the interior design profession and, in the process, to demonstrate and celebrate the power of design to positively change people's lives.

There are 13,500 Design Members, 5,500 Student Members and 6,000 Industry Partner Representatives at the National level.

The Washington Chapter currently has 223 active Design Members and 96 Student Members.

Our ASID Industry Partners program allows companies that provide a product or service to the industry to join ASID and provides you a forum to present your product or service to our over 300 members.

ASID Industry Partners seek to raise the professional level of the interior design practice through participation and support of research, educational programs and other activities. Through this interaction with ASID professionals, the potential exists for ASID Industry Partners to expand their knowledge of the practice of interior design and increase their share of the marketplace.

# LETTER FROM THE PRESIDENT

Dear Industry Partner Sponsors, Industry Partners and Friends,

On behalf of our board and members of the Washington State Chapter of ASID, I want to personally thank each of you for your support to our chapter. Your presence in our design community is invaluable to our continuing education events, winwednesdays, industry partner tables, annual and semi-annual meetings, our Awards of Excellence and Student Career Day planned for 2018. We are honored to have you as an Industry Partner and will work hard to earn that trust for your 2018 Sponsorship.

I would also like to reach out to new organizations as well as those who have not yet engaged, to consider this opportunity to become a 2018 Industry Partner Sponsor of the Washington State Chapter of ASID.

Local chapter membership starts at \$495 plus a one time application fee of \$100. After obtaining your Industry Partner status, you may want to consider the benefits of Sponsorship for specific events planned for the 2018 year.

Our Sponsorship package outlines the levels available and the benefits to you and your company.

With Appreciation,

*Shelley*

Shelley Anderson, Allied ASID

President, Washington State Chapter ASID

# SPONSORSHIP AND MEMBERSHIP

As a sponsor of your local ASID chapter, your company will engage with members, participate in their events, host meetings, and sponsor activities. Additionally, you will have the opportunity to increase visibility through additional marketing, branding, special access, and deeper engagement with ASID members

## **What is the difference between membership and sponsorship?**

**Membership** is paid with annual dues and allows Industry Partners to take part in the chapter experience. IPs can connect representatives to our network of 47 chapters, and as members, can attend local chapter meetings, participate in various chapter leadership opportunities, and get involved with volunteer activities. Membership also includes access to the latest ASID research and an annual subscription to ASID ICON.

**Sponsorship** offers an optional opportunity to increase visibility through additional marketing, branding, special access, or deeper engagement with an audience, and is typically offered at a fee in addition to annual membership dues. Sponsorship is often used to underwrite programs and events, but can also include other brand awareness, messaging, and promotional activities. Sponsorship opportunities are available on both the local and national level. Locally, the chapter can set their own guidelines and offer advertising and outreach opportunities that are specific to each chapter website and market.

# CONTINUING EDUCATION

*Lunch and Learns* and *Latte and Learns* are a great vehicle for you to engage smaller groups in a more intimate format. All designers need to achieve 10 hours of continued education every two years, most would like to do this learning in a networking type setting.

Let us know when you would like to provide a CEU and we will get the marketing out!

Another opportunity for the CEU category is our quarterly Day of Learning. We will have 3-5 CEU's available at one location from morning through afternoon. Hosting for food and beverage will be required as well as a fee for the venue rental if applicable.
